LINK TO APPLICATION FORM: <https://forms.gle/efL2rGWiaUToihNE7>

ECTS to be awarded: 3

Objectives

1. Encourage the adoption of innovative teaching and learning methods using multimedia digital tools, new technologies, and e-learning.
2. In-depth study and continuous development of instrumental skills, with particular emphasis on techniques and practices required for orchestral performance.
3. Initiate effective collaboration among teaching staff, non-teaching staff, and students to develop a shared European standard of teaching and artistic quality.
4. Explore, deepen, and promote a less commonly performed repertoire.
5. Provide opportunities for organists to perform solo repertoire with orchestra and for orchestral musicians to further develop instrumental performance with the organ as a solo instrument.
