

Symphonic Orchestra	
Course Objectives	To prepare a student for work in a professional orchestra, i.e. for fulfilling the tasks of solo and tutti voices in the wind section and for the leader and tutti roles in the string sections and other sections.
Course Content	<p>The course covers problems related to working in a professional symphonic orchestra. The repertoire, taking into account the stylistic diversity from the Classicism to the contemporary times, is tailored to the composition and performance needs in a given academic year.</p> <p>Students work in a cycle of projects. Each project ends with a concert. Each student completes 180 hours of this course.</p>
Teaching Methods	Rehearsals, concerts.
